## Seed Testing and Germination Capacity Test Paper

MicroScience seed testing and germination capacity test papers comply with ISTA (International Seed Testing Association) and AOSA (Association for official seed analysis) requirements.

All seed testing papers have the characteristics required for germination substrate filter paper as follows:

- Papers are made of pure cellulose, are sufficiently strong for the test and do not contain any substances which could influence the growth of seeding
- These absorption papers store enough humidity for the entire test period
- Their pH value is between 6.0 and 7.5

The product range covers white paper and special coloured paper. The seeding analysis is easier because of the better contrast.

There is a correct format available for each prescriptive procedure: TP – top of paper- , BP – between paper – und PP – pleated paper-.

Filter grade	Description	Weight g/m <sup>2</sup>	Format* mm	Order No.	Method	Type of seeds
20	Pleated strips, white 50 double pleats	120	110 x 20	2.00353.2000110	PP	Specially for pelleted and medium large seeds
20	Pleated strips, grey, 50 double pleats	120	110 x 20	2.00366.2000110		For seeds with fine roots
6	Inlay strips	80	110 x 580 125 x 700	2.312.110580 2.312.125700		For all types of seed
292	Circles, white, plain	87	Ø 90	2.205.090	TP	Small specimen in petri dishes or Jacobsen Tanks with grass or flowers
58	Circles, white, plain	150	Ø 80	3.00343.080		
50S	Circles, white, plain	120	Ø 70	3.353.070		
37/N	Circles, white, crepped	135	Ø 70	3.480.070		
C 160	Circles, white, plain	160	580 x 580	2.343.580580		
4 b	Wick for Jacobsen Copenhagen tanks	75	30 x 160	2.309.030160		
190	Filter board, blue	300	Ø 90 270 x 410	3.378.090 2.378.270410		All specimen, like vegetable, herbs and flowers
191	Filter board, blue	700	80 x 120 140 x 200	2.379.080120 2.379.140200		
193	Filter board, yellow	160	110 x 170	2.381.100170		
C 300	Cuts, white, plain	300	200 x 600	2.345.200600	BP	Cereals
C 350	Cuts, white, plain	350	580 x 580	2.346.580580		
39/N	Cuts, white, crepped	180	150 x 580 580 x 580	2.480.150580 2.480.580580		
M-Towel 1750 with 1755	Pair, Filter white and PE coated paper	90	220 x 400	2.10607.200400		
		53	190 x 400	2.10608.190400
